Sören Lösch	Orienteering Germany			Julian Dent	IFK Lidingö		
Manuel Horta	GafanhOri			Antti Parjanne	Lynx		

Selected runners must go to the informatics/speaker tent to receive a GPS vest since the hour of the first start time of each day until 1h before his own start. They have to leave the arena around that time to allow the map projection.

Day 4 GPS coverage will depend on the results from the previous events due to the chasing start.
